Language Tutor™ Phonics 2 Cards

Why Language Tutor™?

Language Tutor provides an interactive, audiovisual experience that is appropriate for a wide range of students: struggling students in general education classrooms and special needs programs, ELL/ESL learners, and students who receive speech and language intervention.

The system uses a multisensory, model-and-response strategy for language acquisition. Students see the target words on the cards, *listen* to them being spoken on the Teacher track, and *repeat* them as many times as needed, progressing independently and at their own pace. When ready, students record themselves speaking the words and compare their speech with the Teacher track, building their skills and confidence in a systematic and motivating way. Perfect for differentiated instruction, individual students, and small groups, *Language Tutor* makes an excellent guided or center activity.

What's on the Lesson Cards?

This card set introduces and reinforces important phonics skills, including consonant blends and digraphs, vowel digraphs, diphthongs, and r-controlled vowels. Each card presents a target phonics concept, two target words, and two full-color photographs.

Student Progress F

Name: _____

Card	Target Words	Pretest/Date	Posttest/Date
1	bread brush		
2	crib crown		
3	dress drum		
4	frame frog

Using the Cards

Place a card on *Language Tutor*. Then choose one of the following activities.

Play Teacher Audio

- Press the TEACHER button.
- Listen to the default teacher audio.
- Student repeats the audio.
- Press, listen, and repeat as many times as necessary until the student wishes to record his or her response.

Record Student Audio

- Turn the STUDENT button dial to the assigned student number (1, 2, or 3).
- Press the STUDENT button.
- Press and hold down the RECORD button.
- Speak into the microphone.
- When finished recording, release the RECORD button.
- Student compares his or her audio to teacher audio by pressing the STUDENT button and then the TEACHER button.
- Rerecord and compare as many times as necessary until successful results are achieved.

Record Teacher Audio

- Set the Teacher Audio button, located in the compartment on the bottom of the unit, to UNLOCK.
- Press the TEACHER button.
- Press and hold down the RECORD button.
- Speak into the microphone.
- When finished recording, release the RECORD button.

NOTE: *Language Tutor's* tracking lights only function with the default audio.
