**Spectrangle Strategies**

With each move, try to score maximum points or block your opponent(s). Always check out the other trangs on the table so you can strategize upcoming moves.

Try to place your trangs in spaces that do not allow your opponent(s) to have access to Bonus Spaces.

Play your one-color trangs earlier in the game. They are high-scoring pieces and can be more difficult to place toward the end of the game.

**Team Play**

A fun way to play Spectrangle is with two teams of two players. Partners sit opposite each other. As they play, they work together to set up moves for each other and to block the other team’s moves. Teams can move one set of pegs around the board or combine their scores at the end of the game.

**Solitaire Spectrangle**

Here are two challenging games for a solitary player.

1. Spread out all the trangs on the table and see how quickly you can legally fill all the spaces on the board. Record your time and try again.

2. Play a slower game, trying to score the most points possible. Record your score and play again.

**CONTENTS**

- Spectrangle game board in carrying case
- 35 uniquely colored trangs
- 1 all-white “joker” trang that can match any color trang on the board
- Cloth bag
- 8 score counters for scoring the game (2 each of purple, red, yellow, and blue)
- Game instructions

**WARNING:**

CHOKING HAZARD — Small parts. Not for children under three (3) years.

**EI-2965**

Ages 8+

Grades 3+

2-4 Players
**Setting Up**
- Remove game board from case.
- Put all 35 trangs in the bag.
- Each player takes 4 trangs from the bag, placing them on the table for all to see.
- Players each take 2 score counters of the same color.

**How to Play Spectrangle**

Player 1 places a trang on the board (but not on any Bonus Space), scoring the face value of the trang.

Player 1 moves his counter that number of spaces on the Score Track and takes another trang from the bag.

The next player places one of her trangs on the board adjacent to the first player’s trang. When this trang is placed, the sides that touch must be the same color.

Player 2 scores the face value of her trang times the number on the Bonus Space (if applicable), moves her counter, and takes another trang from the bag.

Players continue taking turns placing their trangs next to trangs already on the board, scoring points, and moving their counters along the Score Track. Each player has two score counters to make score keeping easy. Place a counter on the new score before picking up the old one. Counters can be stacked if two players share the same spot.

**Sides that touch must be the same color.**
Players can place their trangs on any space as long as the side or sides that touch are all the same color.

---

**Calculating Your Score**

**MATCH 1 SIDE**
On this play you would score 4 points: the face value of your trang. Your trang matched the side of only one trang and was not on a Bonus Space.

**MATCH 2 SIDES**
On this play you would score 6 points: the face value of your trang (3) times the number of matching sides (2). Your trang was not on a Bonus Space.

**MATCH 3 SIDES**
On this play you would score 6 points: the face value of your trang (2) times the number of matching sides (3). Your trang was not on a Bonus Space.

**MATCH 3 SIDES ON A BONUS SPACE**
On this play you would score 24 points: the face value of your trang (2) times the number of matching sides (3) times the number on the Bonus Space (4).

**End of Game**
The game is over when the bag is empty and no one can place another trang. Players with unplayed trangs subtract the face value of those trangs from their scores. The player with the highest score is the winner!
