The ReMARKable World Wall Map is the ideal way to study our ever-changing world. Whether you are discussing geography, history, art, the social sciences, or just trying to keep up with shifting borders, you can use both sides of this laminated world map across the curriculum. Plus, the reproducible worksheets let you test your students’ knowledge of the continents, bodies of water, and world landmarks. The ReMARKable World Wall Map lets young explorers make a mark on their world!

**For ReMARKable Results:**
Use dry-erase markers only. Regular or permanent markers can damage your map.

**Suggested Classroom Activities**

**GeoRoots**
Have students investigate their families’ origins and plot them on either side of the map. Immigrant students can write their names on their country of origin, and students born in the U.S. can write their names where their ancestors came from. Each student can share a story or memory about his or her origin. This activity is a visual reminder of the multicultural makeup of your class.

**GeoSecret Agents**
As an effective way to reinforce an understanding of world capitals, tell your students that they are agents on top secret missions around the world map: “One night you’re in Brussels, the next in Jakarta!” Have students pull a card, one at a time, from a stack of country cards. Their mission is to find that country on the outline map, state the name of its capital, and write it on or near the country.

**GeoDetectives**
Tell your students that they are going to be “GeoDetectives.” Before the lesson, incorrectly label all the continents on the outline map. Explain to students that their mission is to “detect” the mistakes. Have students approach the map, one at a time, to erase the mistakes and replace them with the correct continent name. Do the same with countries, bodies of water, etc. This fast and fun daily activity gets your students warmed up for geography.

**GeoCenter**
Place the map in an activity center for students to label geographic features with colored dry-erase markers. Students can highlight different features such as continents, bodies of water, and mountain ranges with different colored markers. Encourage students to regularly check the full-color side of the map for accuracy. Use the “Continents and Bodies of Water” activity sheets with this center to enhance understanding.

**GeoLandmarks**
Use the “World Landmarks” activity sheets included with your map to familiarize students with some of the great human achievements of the world. After students have identified each landmark correctly on the activity sheets, have them investigate where each one is found on the map. They can do a simple drawing of the landmark in its correct location and write some basic facts about each such as the date it was built and its function.
Answer Key

Pre-test: Continents and Bodies of Water

CONTINENTS
Africa............................13
Asia .............................19
Australia ......................25
Antarctica ....................26
Europe.........................10
North America ..............3
South America ............6

BODIES OF WATER
Arabian Sea ..................18
Arctic Ocean ................1
Atlantic Ocean .............8
Baltic Sea ....................11
Bay of Bengal ..............21
Black Sea ...................14
Caribbean Sea ..............7
Caspian Sea ...............15
Coral Sea ...................24
Gulf of Mexico ..........4

Post-test: Continents and Bodies of Water

CONTINENTS
Hudson Bay..................5
Indian Ocean ..........22
Mediterranean Sea ....12
North Sea ...................9
Pacific Ocean ..........2
Persian Gulf ........16
Red Sea ...................17
Sea of Japan ..........23
South China Sea .......20

Pre-test: World Landmarks

1 Easter Island Statues
2 Statue of Liberty
3 Stonehenge
4 Angkor Wat
5 Sydney Opera House
6 Mount Rushmore
7 Parthenon
8 Eiffel Tower
9 Learning Tower of Pisa
10 Machu Picchu
11 Golden Gate Bridge
12 Sphinx and Pyramids
13 Great Zimbabwe
14 Taj Mahal
15 Neuschwanstein Castle
16 Great Wall of China
17 Big Ben and Houses of Parliament
18 St. Basil’s Cathedral
19 Tikal
20 Colosseum
Pre-test: Continents and Bodies of Water

Inside each circle on the map, write the correct number from the list below.

1. Caspian Sea
2. Asia
3. Caribbean Sea
4. North America
5. Hudson Bay
6. Atlantic Ocean
7. Baltic Sea
8. Indian Ocean
9. Persian Gulf
10. South China Sea
11. South America
12. Coral Sea
13. Europe
14. North Sea
15. Antarctica
16. Pacific Ocean
17. Africa
18. Sea of Japan
19. Australia
20. Arabian Sea
21. Gulf of Mexico
22. Red Sea
23. Arctic Ocean
24. Mediterranean Sea
25. Bay of Bengal
26. Black Sea
Post-test: Continents and Bodies of Water

On the lines below, write the names and numbers of the continents and bodies of water on the map. Use the Word Box to help you with spelling.

<table>
<thead>
<tr>
<th>CONTINENTS</th>
<th>BODIES OF WATER</th>
<th>BODIES OF WATER</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>

Pre-test: World Landmarks

Inside each square, write the correct number, using the list below.

- Angkor Wat, Cambodia ..............1
- Big Ben and Houses of Parliament ....2
- Colosseum ................................3
- Easter Island Statues .................4
- Eiffel Tower ............................5
- Golden Gate Bridge ....................6
- Great Wall of China .................7
- Great Zimbabwe .......................8
- Leaning Tower of Pisa ..............9
- Machu Picchu .........................10
- Mount Rushmore .....................11
- Neuschwanstein Castle ............12
- Parthenon .............................13
- Sphinx and Pyramids ...............14
- St. Basil’s Cathedral ..............15
- Statue of Liberty ....................16
- Stonehenge ............................17
- Sydney Opera House ...............18
- Taj Mahal .............................19
- Tikal ..................................20
Post-test: World Landmarks

Write the name of the world landmark beside its correct number. Use the Word Box to help you with spelling.

1 ___________________________ 11 ___________________________
2 ___________________________ 12 ___________________________
3 ___________________________ 13 ___________________________
4 ___________________________ 14 ___________________________
